

Installation Instructions for:

“6 FOOT LENEXA” Table

Parts List: (Quantity for one “6 foot table”)

- 3 Picnic Table Base Assembly**
- 2 2 x 4 Support Boards**
- 6 2 x 6 boards with 3 holes**
- 3 2 x 6 boards with 6 holes**
- 36 3/8-16 nuts and washers**
- 6 1/4 x 3 1/2 Lag screw and washers**

Tools Needed for Installation:

9/16” Socket Wrench and 3/4” Socket Wrench

Installation Instructions:

1. Verify all parts and hardware before beginning.
2. Place the three picnic table bases on an even/level surface.
3. Place corresponding boards on/with the corresponding bases/bolts.

Seats-4 boards with three holes

Tops-3 boards with six holes and 2 boards with three holes

Note: Tighten nuts moderately—do not over tighten. The threaded stud in the bases may not be vertical/straight and you may need to straighten. To straighten attach hex nut to stud and adjust with a hammer.

4. Place the two support on the ends of the bases and attach with 3 1/2 “ lag screws.
